

Elbow Sanitizer Dispenser

Protecting health and making life better through well-being solutions, and drives innovation in hand hygiene.

The infection control benefits of frequently touched products and surfaces that incorporate antimicrobial copper are well-documented; one only needs to key in the words 'antimicrobial copper' to a web search engine to be presented with the results of numerous clinical studies which prove that those upgrading their facilities by installing products incorporating the material, are taking their infection control programmes very seriously indeed.

Model no.:	DM 100S / 500S / 900S
Material:	304 Stainless Steel
Capacity:	500 ml / 1000 ml
Function(optional):	Drop & Spray
Droplet(adjustable):	1.5 ml / 3.0 ml
